Good idea to have a prep session. Let me see if I can find time on calendars for us.

Amy - I'm fine with the agenda as is, but have a couple thoughts on various topics per redline below. Probably could use a brief pre-meet before the Debbie briefing ? Thanks RG

Subject: Upcoming briefing with Deborah on HI Title VI

All:

Hopefully we will get a draft case management plan from Brittney before our briefing with Deborah. In the meantime I have attached the draft outline for our briefing. I would like for us to advocate a more hands on role (pursuant to the manual). It would be great if Richard could explain how this is possible based on the Executive Order and Manual. I also hope that Desean and Deldi can talk about lessons learned from past Title VI cases in Region 9 and how we can avoid similar issues here. We need to stress that we have an opportunity to do this one right in a more timely manner.

In advance of the briefing, I would like to share with her the Title VI Complaint, FIFRA Primacy Petition and our response, and the CWA Citizen Suit (Desean can you please send me a copy and do you know the status of this case?). Anything else?

Please provide your edits to the outline by the end of the week. I would like to send this to her on Friday as next week is crazy in ORA.
